

The digital document.

From creation in Dynamics 365 to the workspace in MetaShare. End to end. No media break.

Automatically archived.

Sales invoices, purchase orders, packing slips – over 20 document types are archived automatically at creation. No manual step.

Generated. Archived. Findable.

Integration

MetaShare & FlexxStore Platform.

FlexxStore intercepts the document at creation, transfers it with all ERP metadata via Microsoft Graph to SharePoint Online and makes it visible in MetaShare instantly.

Document created. Document there.

From ERP to workspace in one move.
